## 6th Annual Institute for New AP® Teachers (0-3 Years Teaching an AP Course)

The Institute for New AP® Teachers is a unique two-day event intended to provide teachers new to the AP classroom with in-depth professional development. The two-day format will introduce teachers to the philosophy and purpose of the AP Program as well as course-specific information.

- The Institute will focus on providing participants with effective tools to start a new AP course or to step into an existing program at their school.
- Each subject session will address content-specific concerns, offer solutions, and allow for the sharing of best practices among participants.

In each subject session, experienced AP instructors will lead discussion on course development, the exam, available resources, and models of successful teaching strategies. These instructors have served as AP Readers and as AP Development Committee members in their fields.
